Product Description

Product Description:

One of the standout features of this jacket is its use of bio down, an eco-friendly alternative to traditional down that still provides the same level of insulation. This makes the Bio Fluff Coat a great choice for anyone who wants to stay warm and look great while also being environmentally conscious.

The jacket is also machine washable, making it easy to care for and maintain. The dark colour of the jacket ensures that it will look great with any outfit, and the mid-length design is perfect for those who want something that provides a bit more coverage than a traditional full length down jacket but isn't as short as a typical coat.

One of the unique features of this jacket is its front floating water design. This design adds a touch of elegance to the jacket while also providing additional protection against the elements. The hooked closure ensures that the jacket stays securely in place, while the full-length zipper provides easy access and allows you to adjust the level of warmth as needed.

In addition to the four pockets on the jacket, there is also an upper zipper for storage. This is a great feature for anyone who wants to keep their phone, wallet, or other essentials close at hand without having to worry about them falling out of their pockets.

Whether you're looking for a full length down jacket or a mid-length down jacket, the Bio Fluff Coat is a great choice. Its eco-friendly materials, machine washability, and stylish design make it a great addition to any winter wardrobe.

Applications:

The ICEBERA Bio Fluff Woman Coat (Model Number: GWD4609I), made in CHINA, is a stylish and warm winter coat for women. It is made of high-quality fluff material that is soft, comfortable, and durable. The coat is available in four different colors: Roadstone Color, Beige Pink, Green Gray, and Black, giving you the option to choose the color that best suits your style.

The Bio Fluff Woman Coat is designed for women who want to stay warm and fashionable during the winter months. It is a full-length jacket that provides complete coverage and protection from the cold. The coat features a front floating water design, which adds a touch of elegance to the coat and helps to keep you warm and dry on rainy or snowy days.

The Bio Fluff Woman Coat is perfect for a variety of occasions and scenarios. It is ideal for outdoor activities such as hiking, camping, and skiing, as well as for everyday wear. The coat is suitable for women of all ages and can be worn with a variety of outfits.

The coat is easy to wear and features a zipper and buttons for closure. The mid-length winter jacket is perfect for mild to cold weather, and the down jacket mid length provides warmth and comfort. The Bio Fluff Woman Coat is an excellent investment for those who want a high-quality winter coat that will last for years.

If you are interested in purchasing the ICEBERA Bio Fluff Woman Coat, you can pay by T/T and expect delivery in 7 work days. This coat is perfect for women who want a stylish and warm winter coat that will provide them with comfort and protection from the cold.
